Ocean Networks Hires Three Industry Veterans

Atlanta, GA USA - August 28, 2020

Ocean Networks, Inc. announced today they have hired industry veterans David Blau, Cliff Miyake and Louis Lovelady. David Blau has been hired as the company's Chief Operating Officer, Cliff Miyake as the VP of Business Development and Louis Lovelady as the Managing Director of Operations.

Ocean Networks CEO Scott Schwertfager said: "We are very excited to have Dave, Cliff and Louis join the Ocean Networks team, they all bring a significant amount of industry experience and are true professionals. In addition to managing the day to day operations of Ocean Networks and its subsidiaries, they will be key to growing new business and the long-term success of Ocean Networks".

About Ocean Networks

Ocean Networks, Inc. is headquartered in Atlanta, Georgia (USA) and develops submarine cable systems for carriers, content providers, governments and the research & education groups. In addition, we salvage Out Of Service (OOS) submarine cable systems and repurpose them for the Ocean Science community. Ocean Networks owns and operates multiple submarine cable systems totaling 8,000+ kms that are being repurposed for ocean science. Ocean Networks is the parent company of South America Pacific Link, Inc. and Submarine Cable Salvage, Inc.
